Contest Q&A

Q1: Candidates haven't receive email activation link after send the group email address to chloe.lau@huawei.com

A1: Please click this link and fill in your group email and reset the password: https://auth.huaweicloud.com/authui/public/custom/findPwd.html?locale=zh-cn&UserType=p&service=https%3A%2F%2Fwww.huaweicloud.com%2F#/fpwd

And then log in with your group email on Huawei China station.

Q2: Can candidates use pre-trained model for this contest?

A2: No, we don't allow other pre-trained models. Candidates shall only train the basic models from the dataset we provided.

Q3: In the PDF file of rules and regulations, it states that the big training dataset consists of 75 classes with 1000 images each. However, in the "large_samples_75c.txt" in folder "meta", we found that there are only 45842 rows, which is less than 75*1000=75000?

A3: We have 75 classes and "up to" 1000 pictures for each class. They are actually from a few hundreds to 1000.

Q4: Can candidate purchase the resource online through the platform?

A4: No, the contest resource is limited, we already put RMB 900 in every group's account, to be fair, and you shall not purchase the resource additionally, thus, please use the resource properly during training the model, and stop the training before you log off.

Q5: Is there any documentation or instructions on the use of the file customise_service.py on Huawei Cloud?

A5: please click here to get information: https://support.huaweicloud.com/en-us/usermanual-modelarts/modelarts_02_0061.html
